## Project Description

Palliative care is one of the fastest-growing fields in medicine. Palliative care focuses on providing symptom relief and support to seriously ill patients and their families. Our Palliative Care team at Gallup Indian Medical Center aims to educate our Navajo patients about Palliative care so they can get the best treatment possible. We are seeking an eIntern to collaborate with our team to develop informational handouts and posters for patients.

## Desired Skills Interests

## Additional Information

We are seeking an eIntern with an interest in public health or medicine. Navajo language skills or cultural knowledge would be a great benefit but are not required. We are excited to work with you!
